SOL OPERATION SOLUTIONS

HOW WE CAN HELP

I'm a Social Media Manager and Practice Consultant that is different from the rest. I'm your lifesaver when it comes to creating and managing social media for optometry practices. I consult practices to help Doctors & Practice Managers create and implement systems to be more efficient and productive so that the boss can focus on what they love the most (*Helping their patients*). They will leave the office confident that their practice is on a successful path for growth while staying true to their mission.
